Folding Buggy Base

Power Base

Rigid 20 Active Base

Rigid 24 Active Base

# The parent network: How does it work?

The network addresses the severe disconnect & lack of access to quality information experienced by families of children with disabilities through creating a **(virtual) community** where parents, caregivers, and friends:

- **interact** and support one another
- get tips and **information** from practitioners and experts to prepare for and deal with challenges and questions
- create a sense of **belonging** that hopefully makes it easier to adapt and thrive despite all the changes.

## Structure:

Advisory committee (1/prov) >  
Network parents (1/district) > Parent  
champs & families (local)

		Families (average size of 3.45) StatsSA
60	530 (incl network parents) x 15 families each	<b>27 500</b> Families supported

# Problem reporting to Monitoring assistance
